## Details

### K2 TWIN CHAMBER LIFEJACKET

Approved to SOLAS MED Ship's Wheel the K2-275N lifejacket is manufactured under the accredited Lloyds Register ISO 9001 quality system. This premier jacket has the AQ40L lifejacket light fitted as standard and the Kannad R10 SRS AIS Beacon can also be installed for your total peace of mind.

A heavy duty high buoyancy lifejacket especially suited to harsh working conditions where heavy workwear and equipment may be used. The K2 275N twin chamber lifejacket offers a high degree of comfort and durability.

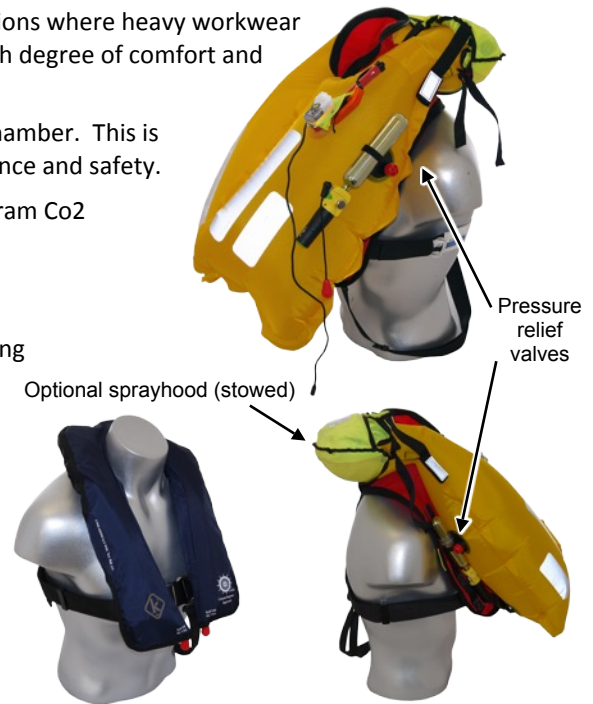

This high performance jacket provides 315N of buoyancy from both or either chamber. This is controlled via inbuilt pressure relief valves providing the maximum in performance and safety.

Self righting capabilities and a fast inflation are assured with the use of 2 x 60 gram Co2 cylinders.
